

NAMRA RASHEED

SQA Engineer

Palm Vista Gate No. 2, Raiwind Road, Lahore | 0325-2907419 | namrarasheed56@gmail.com

PROFESSIONAL SUMMARY

Results-driven Software Quality Assurance (SQA) Engineer with proven experience in manual testing, test case design, API testing, and defect management across web and mobile platforms. Proficient in SDLC, STLC, and Agile methodologies, with hands-on expertise in Jira, Trello, Azure DevOps, Selenium, Postman, and Testiny. Adept at exploratory, regression, performance, and ad hoc testing with a strong analytical mindset and keen attention to detail. Passionate about delivering bug-free, high-quality software and contributing effectively to cross-functional development teams.

EXPERIENCE

QA Intern — 7 Kings Code

02/2026 – Present

- Currently performing manual and exploratory testing on web applications to identify defects and ensure quality standards.
- Documenting and reporting bugs with clear reproduction steps using project management tools.
- Collaborating with the development team to ensure timely resolution of reported issues.
- Contributing to test case design and execution as part of an Agile development workflow.
- Performed API testing using Postman and website performance/speed testing using GTmetrix across live projects.
- Managed and tracked test cases on Testiny, and logged/tracked bugs using Jira and Azure DevOps boards.
- Used Selenium for automation testing to improve test coverage and efficiency.

Projects Tested:

- cws.com — functional, regression, and performance testing.
- aisalesagent.com — manual, exploratory, and API testing of core workflows.
- 5thelement.com — cross-browser functional and UI testing.
- AI Time Tracker — feature, regression, and usability testing.

SQA Intern — SAIGMA Strategic Systems

08/2025 – 12/2025

- Designed and executed manual test cases for web and mobile applications.
- Reported and tracked bugs using Jira/Trello, ensuring timely resolution by the development team.
- Performed regression, exploratory, and usability testing to improve product quality.
- Assisted in preparing test documentation, including test plans and test scenarios.

Projects Tested:

- E-commerce Web App: verified login, checkout, and payment flows.
- Mobile Banking App: checked transactions, notifications, and security features.

Junior Python Developer — ExpertSquares

02/2025 – 07/2025

- Evaluated and tested responses generated by Large Language Models (LLMs), ensuring quality and contextual accuracy.
- Marked outputs as correct, appropriate, or needing improvement to improve chatbot performance.
- Contributed to maintaining high standards for AI response quality in LLM-driven applications.
- Worked on both LLM evaluation and backend code, including FastAPI and Git.

PROJECTS

Hifz Quran Assistant — Final Year Project

- Developed a Hifz Quran Assistant application using Flutter/Dart.
- Built a self-learning Android application for runtime error detection and real-time correction using voice recognition.
- Designed core modules including user authentication, progress tracking, and voice recognition.

Tour Management System — Web Development

- Developed a Tour Organizer website with a dynamic front-end using HTML, CSS, JavaScript, and Bootstrap for a responsive interface.
- Built backend with SQL on localhost for managing tour data, user bookings, and payments.

SKILLS

QA Tools & Technologies: Jira, Trello, Azure DevOps, Selenium, Postman, GTmetrix, Testiny

QA Methodologies: Manual Testing, SDLC, STLC, Test Case Preparation & Execution, Agile/Scrum, Bug Reporting & Tracking, Regression Testing, Exploratory & Ad Hoc Testing, API Testing, Performance Testing, Automation Testing, CI/CD Pipelines, UAT, Smoke & Sanity Testing

Software / Dev Tools: Visual Studio, WordPress, Notepad++, Dev-C++

Platforms: Web & Mobile Application Testing

Programming Languages: C/C++, Python

Soft Skills: Critical Thinking, Problem Solving, Teamwork, Communication, Adaptability, Attention to Detail

EDUCATION

BS Computer Sciences <i>Riphah International University</i>	Graduated 2025
FSc Pre-Medical <i>Punjab Group of Colleges</i>	2017 – 2019

CERTIFICATES

Foundation of Testing and Validation — University of Leeds, Coursera

Software Testing and Automation — University of Minnesota, Coursera
